Carrington Flexible Advantage Plus Program – Guideline Requirements

COLLATERAL

General	Property must be in average or better condition. Properties in C5 or C6 condition are not acceptable. Deferred maintenance is allowed subject to the requirements below.
Deferred Maintenance	CMS permits appraisals to be based on the “as is” condition of the property provided existing conditions are minor and do not affect the safety, soundness, or structural integrity of the property, and the appraiser’s opinion of value reflects the existence of these conditions. Deferred maintenance is typically due to normal wear and tear from the aging process and the occupancy of the property. While such conditions generally do not rise to the level of a required repair, they must be reported. Examples of minor conditions and deferred maintenance include worn floor finishes or carpet, minor plumbing leaks, holes in window screens, or cracked window glass.
Property Repairs	All property repairs must be completed prior to closing with no exceptions. Escrow holdbacks are not permitted.
Occupancy	Primary Residence, Second Homes, and Investment Properties
Second Homes	Second homes are restricted to 1-unit dwellings. Second homes must be located a reasonable distance away from the borrower's primary residence and must be available for borrower's exclusive use. Borrower may not own any other second homes or investment properties in the same geographic market as the subject property. Second homes cannot be subject to rental pools or agreements requiring property to be rented and cannot be controlled by a management firm. Suitable for year-round occupancy.
Appraisal	1 Full appraisal required. Exterior and Interior inspection. Color photographs required. The property should conform to and be acceptable in the market area. The appraisal must include the actual size of the site and not a portion of the site.
Appraisal Review- Due Diligence Product Restrictions	<p>The Appraisal Review Process requires a secondary due diligence product to support the appraised value for the transaction.</p> <p>To utilize the Fannie Mae Collateral Underwriter (CU) score, all of the following must be met:</p> <ul style="list-style-type: none"> • LTV ≤ 80%, • Loan amount ≤ \$1,500,000, and • CU Score ≤ 2.5 <p>The following require a Desk Review (ineligible for CU):</p> <ul style="list-style-type: none"> • Any loan where the LTV > 80%, or • CU Score > 2.5 <p>The following require a Second Full Appraisal:</p> <ul style="list-style-type: none"> • Loan amount > \$1,500,000 • HPML Property Flip Transactions • HPML New Construction Properties with one or more title transfers within 180 days of the purchase contract date or any title transfer after the purchase contract date. Please note: title transfers from a builder to a wholly owned subsidiary of the builder are considered a “change of ownership” and require a Second Full Appraisal. <p>When two appraisals are required, the lower of the two values must be used to determine value.</p> <p>The following requires a Carrington Capital Management (CCM) review: Appraised value ≥ \$1,500,000. When two appraisals are present the lowest value is used.</p>
